25th August 2022

Dear All,

I am delighted to share the success of our students in a year of exceptional results for Bourne End Academy. 2022 marked the return of formal examinations after a two-year hiatus caused by the pandemic. 2019 was the last time students were assessed in a comparable way to 2022. We should be incredibly proud of the hard work that our students put into their studies this year to prepare for success in external examinations. I want to extend my heartfelt thanks to all teachers and professional staff at BEA for their commitment to helping students achieve so highly and for going the extra mile and always supporting them in realising their potential.

I am in no doubt that the progress we have made since 2019 will mean Bourne End Academy should celebrate being one of the most improved academies in the country. I believe the results from this year will mean we are one of the highest performing comprehensive schools in Buckinghamshire. We are also excited to share that we are oversubscribed in Year 7 and Year 12.

Most importantly, our students have excelled despite the disruption to their education, demonstrating great determination and resilience. Whilst we wait for the comparison between local secondary schools from 2022, I want to provide context to the outstanding headline figures that we have achieved together. Please enjoy the data in the tables below!

Look out for our 2022-23 parent/carers academic guide that will shortly be released and we look forward to celebrating this outstanding success with all our students in September.

Best wishes

Louise Cowley
Headteacher
